

ALPHA and OMEGA

July 1985 Issue# 8

This is the official publication of the Miller Number Custodian, who is;

Lee A. Kendter, 4347 Benner St., Phila., PA 19135 215-333-9729

Time for another one of these eh ? I had planned to get this out in May but my son had my typewriter at college. Then he brought it home in need of repair. I just got it back from the shop last week. But, no problem as there isn't much to say anyway !

The biggest news to report is that I now have an associate custodian for the British Isles. This is an area where the Miller Numbers have been neglected for a long time. I'm glad to see that British games will be using the Miller Number system again . The U.K. Custodian is:

Peter Sullivan, 36 Bushey Hall Road, Bushey, Watford, Herts, WD2 2ED , Eng

Peter will be keeping me up to date on all Variant activity in Britain and he will publish a 'zine similar to mine over there. For those of you who are statistic buffs and would like to get Peter's 'zine please do not write him yet as he and I just initiated this and I do not expect him to publish anything for several months. I will keep you informed in A & O as to Peter's progress.

.....
On the personal front this has been a lousy summer for me Diplomacy wise. I had planned to go to MaryCon and ended up working that weekend. I then decided to go to Origins and ended up working that weekend also ! This is the first time in 10 years that I did not attend a con somewhere. Perhaps I'll get to someones house for a minicon of some kind ? I'm willing to travel up to a hundred miles or so if anyone is having a get-together where I'd be welcome. I really miss not seeing some of you this year.

.....
Some of you still send mail addressed to Lee Kendter SR. This is no longer necessary as Lee Jr moved to his own apartment and I'm the only Lee left at home. I quickly grabbed his former bedroom and made myself a very cozy den out of it ! With my other son away at college most of the year the house is really empty.
